### By The Time You Read

Boom, read time. Lately, we have seen more and more long form stories containing a ton of images. With our release of image grids, we expect even more of these types of essays. Our original read time calculation was geared toward "slow" images, like comics, where you would really want to sit down and invest in the image.

As the rate of technological advancement and change continues to accelerate, new tools are being developed and released at such a swift pace that no individual tech professional can stay on top of them all. Consequently, this leads to talent gaps that can delay digital transformation. For example, a recent study found that "only 23% [...]"

### By the Time You Finish Reading This, Your Tech Job Post ...

When you read a book, all of your attention is focused on the story—the rest of the world just falls away, and you can immerse yourself in every fine detail you're absorbing. Advertising Try reading for 15-20 minutes before work (i.e. on your morning commute, if you take public transit), and you'll be surprised at how much more focused you are once you get to the office.

Biography. François-Marie Arouet was born in Paris, the youngest of the five children of François Arouet (1649–1722), a lawyer who was a minor treasury official, and his wife, Marie Marguerite Daumard (c. 1660–1701), whose family was on the lowest rank of the French nobility. Some speculation surrounds Voltaire's date of birth, because he claimed he was born on 20 February 1694 as the ...
