This trailer can be bought in two variants – with either aluminum or a steel frame. We've tested the version with an aluminum frame, which is a more lightweight option that makes the bike rides far more enjoyable. It can accommodate pets of up to 100 pounds, which will be ideal for the owners of larger breeds.

A bike pump is a bike pump, right? It would seem like there wouldn't be so much variability in a device purported to simply fill your tires with air and tell you what the pressure is. However, manufacturing differences make for a lot of variation in efficiency and accuracy, and our side-by-side testing methods shake out these variances.

Sure, you'll get the most calorie burn from a manual bike, but when those rides are uncomfortable and you feel like you're not getting anywhere, you eventually stop. With this, I've ridden every day since I got it, at least 45 minutes and 12+ miles per ride, and I'm always looking forward to the next day when I can do it again.
