Rethinking Lean in Healthcare Summary This book deals with a hospital's struggle to secure and maintain financial stability. In the story, the leadership team of a fictional hospital adopts the tools and principles associated with the Toyota Production System or Lean.

Rethinking Lean in Healthcare [1.44 MB]

Lean's focus on cutting costs, increasing efficiency, streamlining processes, and improving patient outcomes may be just the prescription for this ailing sector. Similarly, as more banks discover the benefits of lean operations—such as lower costs, fewer errors, faster cycle times and far greater efficiency—wide-scale adoption by the financial services industry is just a matter of time.
