In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

Sunbeam 5891 2 Pound Programmable

The Sunbeam 5891 2-pound breadmaker is very well made and bakes bread perfectly when recipes are followed correctly. I have made several loves of bread, and most of them came out perfectly. I did not follow the instructions in the book that came with this breadmaker, as after researching, I learned the recipes were not completely correct and used too much yeast.
