Baby, we'll make a way
You could put an ocean
between our love, love, love
It won't keep us apart
Love, between our love
Love, between our love
Shadows play on idle hands
I lose myself, I do
But I find my way to velvet sands
I'll crash right into you
If we're caught in a wave, I will carry you over

Martin Garrix - Ocean lyrics | LyricsFreak

The ocean can be a dangerous place to swim, so take precautions to safeguard your baby. The American Academy of Pediatrics recommends avoiding very cold water or water with a current or strong flow, as you or your infant may get swept away. In addition, place a life vest on your infant in case you stumble in murky water or on a rocky surface.

"If the water feels chilly to you, it will be really cold for your baby." If your baby starts to shiver or his lips turn blue, it's time to get out of the water.
